

# ANTIPARASITIC RESISTANCE: UPDATE ON CURRENT ACTIVITIES

AMR Working Group Meeting 13-15 October 2020

**Dr Mária Szabó on behalf of the  
Electronic Expert Group on APR**  
OIE AMR & Veterinary Products Department  
Paris, France

**WORLD ORGANISATION FOR ANIMAL HEALTH**

*Protecting animals, preserving our future*

# Outline

Concept Note to  
create an  
Electronic Expert  
Group (EEG)

Members of the  
EEG on  
antiparasitic  
resistance

Survey Conducted  
in Asia, Africa and  
the Middle East

Document on the  
Prudent and  
Responsible Use of  
Antiparasitic  
Resistance

# **Concept Note to create an Electronic Expert Group (EEG) on Antiparasitic Resistance**

The Concept Note was prepared based on feedback received from the 4<sup>th</sup> and 5<sup>th</sup> Cycle Training Seminars for Focal Points of Veterinary Products, finding that Members wanted the OIE to work on the prudent and responsible use of antiparasitics. The Concept Note was endorsed by the Hierarchy 2019.

# Survey on antiparasitic agents and resistance in terrestrial and aquatic animals

The survey was conducted:

- **In Asia** during the Focal Point Training Seminar in January 2020.
- **In Africa** electronically in June/July 2020, an article summarising the results has been published:
- **In the Middle East** in August 2020. Preparation of an article is ongoing.

# Document on the Prudent and Responsible Use of Antiparasitics

The EEG is working on preparation of a document on Responsible and Prudent Use of Antiparasitics which is limited to food animal/grazing species

The publication is expected in the summer of 2021
